Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Friday 17 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy or foggy for many this weekend.

This Evening and Tonight:
Any clear spells filling in with cloud this evening, with most places staying cloudy overnight. Low cloud, mist and fog becoming more widespread, especially in the east of the region. Turning chilly with a touch of frost possible in places. Minimum temperature 1 deg C (34 deg F).

Saturday:
Another dry but generally cloudy day is in store with morning mist and fog slow to lift. A few brief bright or sunny intervals are possible during the afternoon. Chilly. Maximum temperature 6 deg C (43 deg F).

Outlook for Sunday to Tuesday:
Remaining dry and settled. Often cloudy but bright at times with increasing amounts of sunshine by Tuesday. Risk of patchy freezing fog overnight and gradually turning colder with overnight frosts.
